This tour will take you around the Golfe du Morbihan, the inland sea and its 42 islands, which are all different yet providing a unique scenery. Combining earth and sea, you will pass by several of them and you will row alongside a "sinagot" or a "guépard", two typical boats of the Gulf. You will come across a unique heritage, with chapels, tide mills, and the square tower overlooking the Gulf waters.

## PROVISIONAL PLANNING

Possibility of arriving the day before.

### DAY 1

**10.00 AM** Tour of the Gulf, via the East (40 km).  
Picnic for lunch.
