Departing from the touristic beach of Pointe Marin in Sainte Anne, you will row along the South Caribbean coast, a rugged coast with small islets, remains of the island volcanic structure. You can choose a traditional rowing boat or a "twa zaviwon", suited for the ancient nautical activity of Martinique. The must-do of this tour is the crossing of the "Passe des fous", in front of the beautiful Diamond rock, being classified as a "protected natural area" and the crossing of the Flamingo bay, which is one of the most beautiful in the world. You will keep your eyes wide open in front of the splendid landscapes.
